REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: the prior art of record fails to disclose all the limitations recited in the base claims. Specifically, the prior art of record fails to disclose the combination of the process steps or the structures of an integrated circuit including: a third substrate trace having a first end, the first end of the third substrate trace coupled to the second end of the first substrate trace using a third wire, and the third wire crossing over the second substrate trace, as recited in the base claims 1 and 21. The prior art of record also fails to disclose the combination of the integrated circuit structures recited in the base claim 26, including: the forming of a third substrate trace comprising a first portion positioned between the first substrate trace and the second substrate trace, the third substrate trace comprising a second portion positioned lateral to and in parallel with the first substrate trace, the third substrate trace comprising a third portion positioned lateral to and in parallel with the second substrate trace; and a third wire for coupling the second end of the first substrate trace to the first end of the second substrate trace, wherein the third wire crosses over the first portion of the third substrate trace.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
